

# FARRPRO OmniJet

A Long-Life Oscillating Nozzle

## Oscillating Nozzles with No Moving Parts

- ✓ Robust High Pressure Nozzle
- ✓ Zero-Maintenance Design
- ✓ Works with industrial water

### FEATURES

- Utilizes innovative fluid dynamics to create oscillating spray
- Sprays in large droplets for more cleaning power
- Greatly reduced water usage
- The larger droplets help to maintain a higher temperature upon impact

### SPECIFIC ADVANTAGES

- 6 times more durable than roto-tip nozzles
- 2/3rds lighter than roto-tip nozzles
- Less vibration and significantly quieter than roto-tip nozzles
- Industry-leading 2-year warranty

### ROBUST SPRAYING

- Bulletproof design
- Single-piece stainless steel construction
- No moving parts
- Lightweight design for easy maneuvering

### SPECIFICATIONS

FarrPro OmniJet	Details
Size	2.25in x 0.90in x 0.55in
Weight	3.2 oz
Connection Type	1/4in female NPT
Spray Angle	30°
Pressure Range	870psi - 3,200psi
Material	Stainless Steel
Optional Accessories	Nozzle Guard
